▼ Yeah Capitol is literally the only place that we should be, period. That's the whole point. If you're at the Lincoln memorial or some shit, you'll be missing the point. We need them to see our presence during their little gathering, so they can see us through the windows

▼ The US Capital is the most important, perhaps only location.

"To distract you from your attempt, your enemies will offer you symbolic goals to reach. But those won't give you Trump elected. Take care: secret services or dumb people will try you to trick you to lose energy on useless goals.

Take care: they will try to isolate you in many ways. Probably you won't be able to communicate with your phones..."

"...if you want to win, you'll need ONE MILLION individuals around the Congress."

▼ What are these boundaries based upon? How do we know that there will not be murderous Leftists inside these borders?

▼ Hey thanks. Are there any areas to avoid where the police forces are likely to create artificial "show down" areas where the tensions are unnecessarily heightened?
